

HYDROTHERAPY POOL MEDICAL CLEARANCE FORM

Dear Doctor,

Your patient would like to attend a program of Warm Water Exercises for people with Arthritis, conducted by the Arthritis Foundation of the ACT. These sessions take place at hydrotherapy pools heated to between 30° and 36°C (usually around 34°C), are attended by up to 10 people and supervised by volunteers trained in CPR & Pool Rescue. The participant carries out a customised activity designed by an exercise physiologist. This environment is not necessarily suitable for everyone wishing to use the pools for warm water exercise.

Conditions which **exclude a person from using the pools because they may affect others** include:

- Incontinence
- Open wounds
- Infections – such as urinary, skin, eye, ear.

Please turn over the page and fill in the **Medical Status** on the back.

I believe that the person named below is able to walk, dress and get into & out of a pool and move around in the water unaided (Canberra Hospital and John James pools – steps and a handrail are used) and is medically fit to use the hydrotherapy pools at Gold Creek, Canberra Hospital, Black Mountain School, Club MMM! and Calvary John James for the purpose of warm water exercise.

I have filled out this person’s Medical Status on the back of this form and declare that the information I have given is accurate to the best of my knowledge as at the date below.
